主旨: Confirmation of Advanced Materials Fellow to Dr. Hsiuying Wang for Stockholm Assembly
日期: 2025年7月29日 上午 05:36:02

Dear Dr. Hsiuying Wang,

National Yang Ming Chiao Tung University, Taiwan

Please accept our congratulations!

We are pleased to inform you that the Scientific Search Committee of the International Association of Advanced Materials has **selected you to receive the Advanced Materials Fellow**. This honor recognizes your significant contributions and pioneering achievements in advanced materials science and technology in the city where the Nobel Prize is awarded.

We cordially invite you to deliver your Advanced Materials Fellow lecture during one of the upcoming Fellow Assembly sessions scheduled in Stockholm, Sweden, as outlined below:

- **8th Edition of Baltic Fellow Summit**, 13–15 October 2025
- **10th Anniversary of the Materials Tech. Conference**, 30 March - 01 April 2026
- **8th Anniversary of the European Energy Congress**, 25–27 May 2026
- **11th Anniversary of the European Materials Congress**, 25–27 August 2026

Please submit your abstract by Friday, 29 August 2025, using the abstract template available on the Congress Portal: www.materials-congress.net. The IAAM provides an international platform to promote discussions on sustainability and innovation in materials development, aligning with the United Nations' Sustainable Development Goals.

If you are unable to attend the Fellow Assembly in person due to travel restrictions, you can submit your abstract to the Advanced Materials Lecture Series (AMLS) to present your lecture Online LIVE.

We look forward to celebrating your distinguished contributions at this prestigious international event. Please feel free to contact us via email, WhatsApp (+46) 706722524, or WeChat: iaamEU.

With best regards,

Anna Dai
